

KATHERINE JOY GUARDIANO

COLLEGE STUDENT

I am a currently enrolled computer science college student seeking a full-time position in the field of cybersecurity, where I can apply my knowledge and skills for continuous improvement.

SKILLS

- Flexible language knowledge (C, C++, Javascript)
- Fast learner
- Excellent coordination and communication skills
- Dedicated to projects once started

EDUCATION

Currently working towards a bachelor's degree of computer science, current major is computer science, concentration in cybersecurity. Studying at California State University Fullerton (2020-Ongoing).

EXPERIENCE

CYBERPATRIOT COMPETITOR

Team #43 2020-2021

#1 US team in Gold Division 2021, handled all Windows Server images searching for and patching vulnerabilities and writing reports akin to real world field work.

INTERNSHIP

Kaddy's Computer Repair Service 2020

Handled customer consultation.

Managed and ordered inventory.

Performed analysis and repair of multiple customer systems, including but not limited to BIOS flashes, major system errors, file backups and general maintenance.

INDIE VIDEO GAME DEVELOPER

"PROJECT: VANGUARD" 2023-Ongoing

Currently a beta tester, programming consultant, and storyboarder for small indie project started August 2023 and still ongoing.
